Subject: Heavy Vehicle Use Tax (HVUT)

During the Truck/Permit training session held on November 18, 2005 at the Main Office in Augusta, we discussed Heavy Vehicle Use Tax (HVUT) as it relates to farm trucks.

Please be advised that I have contacted the Commercial Registration Section regarding this question and have been informed- **YES**- the HVUT requirement does indeed apply to farm trucks. This information will be added to the HVUT and Farm truck procedure manual pages in the very near future.

It was very nice to see you all last week and I appreciate your continued support as Motor Vehicle Municipal representatives.

If you have any additional questions, please feel free to contact me at 1-800-452-1937.
